

Michael K. Ogden – President of Morton Manufacturing

Michael K. Ogden is President of Morton Manufacturing Company and has over 20 years experience in upper management, sales and marketing. Combined with 12 years prior experience at a steel service center, he has a strong background in steel and the manufacturing of steel parts. Mr. Ogden has worked extensively with North America freight car builders, locomotive builders, Class I railroads and freight car repair shops.

Prior to joining Morton Manufacturing, Mr. Ogden was employed by the Village of Winnetka, Illinois from 1971 to 1978 as Purchasing Agent and Personnel Officer. At Fullerton Metals from 1978 to 1990 in various capacities including: Purchasing Manager, Outside Sales Representative, Operations Manager, Stainless and Aluminum Marketing Manager, and Director of Purchasing.

Mr. Ogden is a graduate of Ohio University. He and his wife, Nancy, live in Libertyville Illinois and have two daughters (Katie and Christie) and two granddaughters.

Morton Manufacturing is family owned business that has served the industry for over 100 years. Morton manufactures brake steps, end platforms, running boards, and intermodal platforms. Our customer base includes freight car builders, Class I railroads and repair shops. They also supply steps for the entire line haul locomotives built in North America.
