Railway Supply Institute  
Board of Directors Nomination Form  
2021 – 2023 Term

**Due Date:** May 15, 2020  
**Contact:** Amanda Patrick, patrick@rsiweb.org

The Railway Supply Institute, Inc. (RSI) is soliciting individual nominations for two new members of its **board of directors** to begin in January 2021. The typical office term for board members is three years with an opportunity to extend that term if elected to the board’s executive committee. RSI usually has three board in-person board meetings per year. Those interested should consider this an opportunity to be an industry wide leader who not only represents their company, but also the railway supply industry as a whole.

**Process:** The board nominating committee is charged, to the best of its ability, with taking into consideration the size of the company and disciplines in the industry to help ensure the board fully represents RSI membership. The nominees are vetted by the nominating committee and presented to the board of directors where a slate is cast. The RSI board then presents a slate of candidates to the full RSI membership for ratification at the Annual Membership Meeting to be held during the RSI 2020 Conference: Education & Expo on Sept. 9 – 11 at the Hyatt Regency Chicago.

**Requirements**
- Nominee must be from a member company in good standing.
- Nominee must be a senior executive in their company and in a position to devote the necessary time and resources to support the organization.

**I would like to recommend the following person for nomination (one form for each candidate):**

*NOTE: RSI will contact nominees to complete a commitment form and other additional information including a biography, a statement of interest. Self-nominations are welcome.*
